PROFESSIONAL PROFILE

I am a student interested in cybersecurity and network administration. I have practical knowledge of Linux, networking, SQL, and penetration testing fundamentals. I am looking for an internship or professional experience opportunity to develop my technical skills and contribute to a professional environment.

TECHNICAL SKILLS

Systems & OS

- Windows 10/11
- Linux (Kali Linux, Ubuntu)
- Virtualization (VMware / ESXi basics)

Networking

- TCP/IP
- Routing and VLAN Configuration
- IP Addressing & Subnetting

Cybersecurity

- Ethical Hacking Fundamentals
- Basic Penetration Testing
- Terminal & Command Line
- Network Scanning Basics

Databases

- SQL (CREATE TABLE, INSERT, SELECT, etc.)

Electronics & Robotics

- Arduino Projects
- Robotics Club Participation

EDUCATION

Diploma in Digital Infrastructure
City of Trades and Skills (CMC)

Study duration
2025 - Present
